REPORTED FIERCE NIGHT FIGHTING

Allies Claim That They Repulsed Right Wing of Germans.

ARMIES ARE JOINED.

Kaiser's Troops Resume Shelling of of Fortified Line in Vicinity of Meuse and St. Mihiel.

Paris, Oct. 3—Desperate night fighting was reported today from both the eastern and western lines of the great battle of the north. The German right wing was again repulsed in an effort to break through the line between Roye and Lassigny, where heavy fighting has been in progress for several days.

The Germans are also reported to have essayed another attempt to cross the Meuse near St. Mihiel, and on being repulsed have resumed shelling the fortified line in that vicinity.

It is reported here that the armies of Von Boehn, Von Kluck and Von Buelow have been partly amalgamated and that they are now holding a series of lines facing north and south from near Ribecourt to Mons, in Belgium, and turning out toward Douai and Bapaume. Meanwhile the line of the Aisne, formerly held by Von Buelow, is reported occupied by the troops who were withdrawn from Alsace-Lorraine and the German Rhine fortresses.

NO ENMITY FOR GERMANS

Japanese Journalist So Declares to the Japan Society.

New York, Oct., 3—"We have no enmity toward the people of Germany," Sanae Takata Japtnese journalist, educator and president of Waseda University, declared at a luncheon given here yesterday by the Japan Society in honor of himself and Giichi Masuda, a member of the Japanese House of Representatives. Prominent Americans and Japanese attended the luncheon.

" We entertain the strongest admiration for the German people," Mr. Takata said, "and for the contributions they have made in every domain of life to culture and civilization."

Mr. Takata deplored rumors of any misunderstanring between his country and the United States. False and absurd reports spread "for sinister purposes," he believed, "could never take root in the mind of the American people if the truth about Japan had its first lodging there." He urged the Japan Society to spread among Americans a knowledge of Japan.

NEWS OF THE DAY

The outbreak of cholera in Austria-Hungary has it is reported, become an epidemic and energetic measures are being taken to prevent its spreading to the Russian army.

The Corriere della Sera of Milan states King Constantine of Greece, has made a statement that if any of the Balkan states began war Greece will fight on the side of England and France.

Mrs. Matilda Bridge, of Franklin, Pa., and Mrs. Margaret Craft, of Brownsville, Pa., were killed, and Mr. and Mrs. Ewing Townsend, of Uniontown, seriously injured when the automobile in which they were riding was struck by a Baltimore and Ohio passenger train at a crossing at Uniontown yesterday.

A newspaper of Rome published an open letter to Premier Salandra, setting forth that nobody believes the triple alliance will be in existence after the war. It has been proved, the writer of this letter says, that Italy is not qualified to be an ally of Austria; therefore, to remain isolated would be a crime against the country, as it would mean supreme danger in the future.

Word was received here this morning of a fatal automobile accident occurring late Wednesday night on the road between Brewsters, N. Y., and Danbury, Conn. An automobile in which two men were going from Brewsters to Danbury was overturned. John Godfrey was caught under the car and burned to death. His companion, Joseph Clark, had a leg broken. Clark was taken to a hospital.

A deep impression has been produced by a report circulating in diplomatic circles in Rome to the effect that the Austrian government, in view of the present situation, is urging Emperor Francis Joseph to transfer the court and seat of government either to Prague or Salzburg. It is asserted that the emperor dislikes the project, because of the effect it would produce throughout the empire.

Statements muttered by Mrs. Frankie Lang, of Los Angeles. Cal., while under an anesthetic for the treatment of wounds on her head Thursday, led to the arrest of the woman on suspicion of murder and the subsequent finding of the body of Fannie Curland, a motion picture actress, in a vacant ranch house near Riverside. Two men also are under arrest on suspicion of being implicated in the alleged murder.

Seven hundred thousand persons in Brussels are facing starvation, according to Hugh Gibson, the secretary of the American legation there. The supply of flour in the Belgian capital was exhausted yesterday, and other staples are virtually all consumed. The last apportionment of flour to the citizens of Brussels was given out yesterday afternoon. Efforts to get food in from Antwerp have failed. Inasmuch as Brussels is in charge of the Germans, it is in effect German territory. Neutral nations could not undertake to supply food to Brussels, even if transportation facilities were not practically cut off because of military operations.

PLANS FOR RALLY DAY.

Interesting Occasions Anticipated on the 9th And 11th Instant.

Plans are being made for a rally of all the men and boys over 14 of the Second Presbyterian Church and their friends or next Friday evening, October 9th, when it is expected that addresses will be made by Rev. James H. Taylor and Mr. H. S. Omohundro, the head of the flourishing organized young men's Bible Class of Brightwood Park M. E. Church known as the "Omo Class" and having nearly 200 members. After the addresses and the business meeting that will follow, light refreshments will be served.

Sunday week, October 11th will be a great day for the Second Presbyterian Sunday School work, as on that day at the morning service hour the school will hold its annual rally day service.

There will be special music by the Sunday School quartette and the junior and senor choirs, and fine singing by the entire school.

GERMANS MAKE MORE CLAIMS

Say They are Progressing and Have Driven Wedge Into French

SIEGE OF ANTWERP

Invaders Announced That Attempts or Allies to Flank Them Have Been Frustrated.

Berlin (via The Hague) Oct. 3—"We are making constant progress on our right and are driving wedges into the French line," was the most striking phrase in the official war office bulletin issued today. "The siege of Antwerp continues, with our artillery breaking through the outlying chain of fortifications and gradually checking the fire of the individual units. On our left we are continuing our reduction of the last line of the French fortifications in the Meuse chain. Efforts of the allies to flank us boh on the east and the west of the battle line in France have been successfully frustrated. Our center holds firm and there has been no action of consequence other than a general exchange of shells by artillery at this point. The result of the battle now in progress is still undecided.

"In the eastern theater our forces continue to hold the offensive in Russian Poland and the Russians have been unable to gain any ground in Galicia, where the Austrian armies are holding their new intrenched lines. Przemysl still holds out."

CORPORATION COURT.

Grand Jury Selected for Next Wednesday Morning.

Judge Louis C. Barley, of the Corporation Court of the city of Alexandria, has selected the following members of the grand jury of his court which will meet next Wednesday at 10 o'clock: Robert S. Barrett, J. Fred Birrell, George H. Evans, James B. Fitzgerald, T. Clifton Howard, Samuel L. Monroe, William H. Sweeney, and C. W. Wattles. Eight criminal indictments will be presented to the jury for consideration.

DR. ALLISON RETURNS.

Newspaper Compliments His Sermon in Johnson City

Rev. Dr. Jno. Lee Allison, pastor of the Second Presbyterian Church, has returned from Johnson City, Tenn., where he assisted in the dedication of the new handosme church. He will preach tomorrow morning and evening.

The Johnson City staff says of Dr. Allison's sermon:

"His text was taken from a portion of Matthew 4:24, "And his fame went throughout all Syria." The attractive delivery, and masterly building up of the speakers' sermon held this congregation so wonderfully that the time of the discourse passed in an apparent few moments. He divided his sermon into the drawing power of the Master by His teaching, His healing power, His sacrificial death on the cross and His personal Revelation of God."

The mystery surrounding the sudden disappearance two weeks ago of Margaret Gross, 30 years old, a colored woman employed at the residence of Prof. Henry T. Harrison, in College Park, Md., is believed to have been solved by the statement made to the police of Prince Georges county last night by a colored woman, who has been held by Sheriff George W. Hardy.

A rising vote of thanks was given retiring President Conlon, and a resolution was adopted tendering thanks to Petersburg Lodge for the hospitality shown the association.

The afternoon was spent at the fair grounds, where a dinner of old Virginia Brunswick stew and barbecue was served, and an open-air entertainment was given for the amusement of visitors and guests. The entertainment of the association in Petersburg was the most elaborate and hospitable in the history of the order in Virginia.

BATTLE OF CRACOW IN INITIAL STAGE

Austrian and German Line Extends to Foot of Carpathian Mountain

RUSSIA HAS 750,000 MEN

Czar Offers Roumania Tempting Bait If She Will Throw Her Entire Force in the Field to Aid Him.

Petrograd, Oct. 3.—The battle of Cracow is still in the initial stages. The Russian outposts have engaged the Austro-German line along the Doniaco river just west of Tarrow, which forms a natural barrier flowing almost directly north and south, thirty-four miles east of Cracow.

The battle line extends to the foothills of the Carpathian mountains and flows over into Russian Poland, north of the Vistula river, where the Austrian and German lines are in contact.

Roughly speaking, the new line of the Germans, which is designed to withstand the entire Russian advance, follows the river Wartha, where the Germans have constructed strong entrenchments. It is about thirty miles inside the Russian frontier.

The chief difficulty, so far as the Russians are concerned, has been the heavy rains. This has interfered with speedy movements of transports.

Bucharest, Roumania, Oct. 3.—It was announced officially today that Russia has offered Roumania, the Austrian province of Bukowina and Translyvania as her reward for participation in the present war on the side of the allies.

The condition is that the entire Roumanian army be thrown into action immediately, and that the Roumanians thmselves conquer Translyvania, Bukowina, having already been partly occupied by the Russians.

CARDINALS AND WHITE SOXS.

Batteries Selected for Tomorrow's Championship Game.

The Cardinals and White Sox will battle for the 1914 championship tomorrow at 2:30 p. m. Capt. Devers will send Eddie Thompson to the slab with Melvin Jones behind the bat.

Capt. Max Hicks has selected "Birdie" Quail as his flinger, with either "Rosy" Hayden or "Friendy" Nalls handling the catchers' mit. The Cardinals will have their best lineup in the game and will try their best to win. The White Sox gave the Cardinals a jolt last Sunday, when they won by a 8 to 6 score, and will be on the field to try their luck again tomorrow.

Those who attend the game tomorrow are respectfully requested to occupy either the stands or bleachers, as by standing in the field they obscure the view of persons who like to see the ball in play during the entire game, but it is impossible to do so with persons crowding around the diamond.

HIGH SCHOOL NOTES

Work on Maroon and White Progressing —First Team Plays St. Agnes' Today.

The first regular meeting of the A. H. S. Literary Society was held Saturday night in the school building. There was no program, but a great amount of important business was transacted at the meeting. It was proposed to publish the Maroon and White, the High School monthly of 1912-1913 which ceased being published last year. The Society unanimously decided to take upon itself the work of editing and managing the magazine, and a committee consisting of Miss Dolly Callahan, Mr. Johnson, Mr. Prettyman, and Tupper Barrett was appointed by the President to plan for the publication of the magazine and to nominate the editorial staff for election at the meeting of the Society on Monday. The committee nominated the following Staff, which was presented to the Society Monday afternoon and unanimously accepted:

Editor-in-chief, Ashby Bladen

Assistant Editor, Dolly Callahan.

Editor Boys' athletics, William Wells.

Editor, Girls' athletics, Dolly Callahan.

Alumni Editor, Thomas Wattles.

Editor, "As you like it," Con Mullins.

School notes Editor, Lucile Dienelt

Exchange Editor, Marian Dickett

Business Manager, John Reardon,

Advertising Manager, Tupper Barrett.

Asst. Advertising Manager, Marian Kennedey.

A meeting of the High School was held Tuesday to put before the students body the publication of the Maroon and White, and all indications point to a financial as well as literary success. The advertising campaign has been carried on with vigor ,as has been also the literary work, the magazine coming out monthly with the following departments, Stories, Editorials, Athletics, School notes, Alumni, Exchanges and Poems.

At the meetings of the Literary Society Saturday night and Monday afternoon much discussion was forthcoming on the purchase and presentation to the school of a Victrola by the Society. The matter was laid on the table until the next meeting which will be held Saturday, the 10th of October.

The High School faculty has been increased by the addition of a new teacher to the staff. Mr. MsFall, of Washington, became an instructor in the school Thursday. He is teaching First year latin and Science. This makes the faculty number seven.

12 to 6 was the score by which the Hartford Athletic Club of Washington defeated the Alexandria High School second football team at the ball park yesterday afternoon. The game was hotly contested all the way through, and proved to be a very exciting affair. It was the first football game of the High School this season. Today at 3:30 p. m. the first team tackles St. Agnes' School of Washington. An interesting game is expected.

FIGHT AT SEA

Rumor That the German Cruiser Dresden was Sunk by Two British Warships.

New York, Oct., 3—A rumor that the German cruiser Dresden had been sunk by the British cruisers Glasgow and Goodhope was brought here yesterday by passengers on the steamer Japanese Prince, which arrived from South American ports. This rumor the passengers said, was current in Pernambuco on September 17.

Captain Johnson, of the Japanese Prince, said he had talked with the British consul in Pernambuco and that, although the consul said nothing about the reported sinking of the Dresden, he intimated that no German warships were near the South American coast, and assured the captain that the voyage to New-York could be made without danger of capture.

Fifteen German vessels, it was said are in Pernambuco harbor, fearing to venture out because of the reported presence of British cruisers outside the harbor.

A special dispatch from Panama, on September 15, said that heavy firing was heard off Colon, and that it was believed two British cruisers had engaged the German cruiser Dresden.

London, Oct., 3—A dispatch to Lloyd's Agency from Bordeaux says it is officially announced that a French gunboat has sunk two German auxiliary ships, the Rhios and Itolo, with mitrailleuses.

Falmouth, England, Oct, 3—The Holland-American liner S. S. Potsdam, which left New York on September 22, with first and second-class and steerage passengers for Rotterdam, was brought into Falmouth yesterday by a British cruiser.

TIMELY SUGGESTION

Co-Operative Charities Association Will Soon Be Called Upon For Aid.

The prevailing fall weather is the harbinger of more severe conditions which are to follow, and the work of aiding the poor of the city to pass through the approaching winter will soon be upon the managers of the Co-Operative Charities.

This organization has for a number of years labored faithfully in this important department of the city, and with the aid of a generous public has managed to afford temporary relief, at least, to many who are unable to stem the tide of life alone. There is every reason to believe that the demands upon them during the coming cold weather will be as heavy as ever, and they are now at work preparing to meet, as far as possible, the appeals they anticipate.

Throughout the year good people of all classes in the city have vied in raising means, in one way or another for a class always with us, and rummage sales, etc., have been frequent. While such movements are commendable, the fact should not be forgotten that the proceeds from such have afforded relief at a time when but little was required, but as cold weather draws near the indigent require warmth as well as suitable clothing to meet the exigencies of the season.

These suggestions are made in order to call attention to the wants of the less favored in Alexandria, and there is no doubt that the charitable people of Alexandria will respond, as they have ever done.

There is reason to believe that the number of indigent will be increased this year, as employment is by no means as easy to procure now as heretofore. Many will probably find themselves distressed through no fault of their own.

Harding, pastor of the Mount Vernon Place Church, of Washington, has been selected as the orator of the Union Sunday School parade and song festival to be given Sunday afternoon, October 11th. WILL PRAY FOR PEACE.

In pursuance of the request of President Wilson, people of all nationalities and creeds throughout the United States will meet in their respective places of worship tomorrow, and will unite their prayers for the return of the dove of peace whose cooings have so suddenly been hushed by the shrieks of shells and the ping of bullets. The ministers of Alexandria churches wil lead their congregations in supplications for a speedy termination of the frightful conditions into which so large a part of the civilized world has been plunged during the past months. While their appeals will be ascending to the throne of grace thousands will be lying stark and stiff in death in continental Europe, while many more will be writhing in agony on the fields or in hospitals.

Millions in other nations, relatives, and friends of those engaged in the frightful clash, will mingle their prayers with the good people of America for a sudden change in conditions.

Prayers will be made in the Jewish Synagogue at 6:30 tomorrow evening that the God of Abraham, Isaac and Jacob intervene at this terrible crisis in the world's history. Many descendants of this ancient people are in the Russian army, as well as those of Prussia, Germany, and the allies, all members of the same race but now arrayed in deadly conflict against each other.

We are told the time is coming when the wolf shall dwell with the lamb, and the leopard shall lie down with the kid, and the calf and the young lion and the fatling together; the lion shall eat straw like the ox and a little child shall lead them; also that the cow and the bear shall feed; their young ones shall lie down together. the suckling child shall play on the hole of the asp, and the weaned child shall put his hand on the cockatrice den; when they shall not hurt nor destroy any more. Let us hope that day is not long deferred.

DEMOCRATS NOT DECEIVED.

The usual bi-annual convulsion of the Republican party of the south is again in progress and Republican candidates for Congress are telling the people what they stand for and what they advocate with an assurance born of the knowledge that they have no chance of being elected and there is therefore no danger that there policies will be put to the acid test.

The antics of the Republican party of the south present some very amusing aspects; they hold their conventions and nominate their candidates with becoming gravity. the candidate then proceeds to pirout around and paw the earth until election day, and in the next republican administration the erstwhile candidate is appointed postmaster at Squedunk or some other place of more or less importance.

Few intelligent democrats are deceived by this periodical waive of alleged patriotism that induces our republican friends to have about what they would do for the conurty if they got the chance. The South has already seen to its lasting injury, what the Republican party will do for the South and her people.

INTO THE JAWS OF DEATH

Paris, October, 3—That an African battalion checked the attacks of the German Imperial Guard in the recent fighting near Verdum, is the inference drawn from details received here of the combat in that section.

A survivor of the battle, who has arrived in Paris told the following story of the fight:

"The sun was just rising when outposts came back on our main force and informed us that the Imperial Guards was coming. Soon after we could see pointed helmets glistening in the sun rapidly advancing.

"Deceived by our silence the Guard came on even to the barbed defences and commenced cutting them before our trumpets sounded an order for volley firing. The first line of the enemy seemed just to melt away under our fire. The second line appeared to be shaken for an instant but on they came.

"We could plainly see the officers in the lead waving their swords and encouraging their men to the assault Another volley and the second line thinned out; but a third line came on and the mass crossed the line of wire defences.

"When 'charge' was sounded we rushed forward to meet them. Then our boys commenced to fall, but our impetus was too much for the aristocratic Guard, which was mowed down and dispersed.

A MERCILESS JUDGE.

One Who Shows No Favor.

A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from an Alexandria resident has withstood this sternest of all tests.

Mrs. C. V. Gardner, 1011 Duke street, Alexandria, says: "I had not Doan's Kidney Pills and didn't really really know what was the matter, but I got real bad with weakness and lameness through my back. For a few days I couldn't do my housework. I had to lie down most of the time and it was the same when I went to bed at night I finally got a box of Doan's Kidney Pills at Leadbeater & Son's drug store and they cured me. The cure they made some years ago has been permanent and I haven't needed anything for my kidneys since."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Gardner had. Foster-Milburn Co., Props., Buffalo, N. Y.

FEAST OF TABERNACLES.

Services in the Jewish Synagogue on North Washington Street Tomorrow Evening.

This year the Hebrew Feast of Tabernacles will begin tomorrow evening, and continue for eight days. The first and last days of the feast are observed as holy days on which appropriate services are held in the houses of worship.

Services will be held in the Jewish Synagogue in this city at 6:30 tomorrow evening. In connection with this service, special prayers will be made for peace among the warring nations.

As part of the ceremonial of the feast, the Law ordains that the Israelite shall take on the first day of the festival "the fruit of the goodly tree, the branches of palm trees, the boughs of thick-leaved trees and willows of the brook, and to rejoice before the Lord." This is observed by bringing citron, fruit, palm, branch, myrtle and willow into the house of God. In the book of Nehemiah VII, 15, is a detailed description of the celebration of this festival in Biblical days.

The festival is in intent and ceremonial a thanksgiving festival, intertwining gratitude for God's mercy unto the people of Israel amidst the nations of the world, with thankfulness for His bounty and grace to each individual. It is the harvest festival and the earliest thanksgiving feast, the type after which the American Thanksgiving Day was fashioned.

The custom of dwelling in temporary huts or booths, still observed by many orthodox Jews, is not only to remind the Israelite of the wandering of his ancestors in the wilderness, but also to recall to his mind that God has kept him throughout the year amidst all life's uncertainties.

The observance of the festival in this country has changed to meet changed conditions. The fruits of the field are brought into God's house as a sign of thankfulness and after the service are sent to the hospitals or the poor of the city. In many congregations the central feature of the observance now is the children's harvest service, a service of song and thanksgiving conducted by the children of the religious school.

It is the custom of the Synagogue to signalize the close of the holy days of the early autumn season by a festivity thoroughly characteristic of the Jewish religion, known as Simchath Torah, "the rejoicing in the Law." The last section of the Pentateuchal weekly lessons is read on this day, and is followed immediately by the reading of the first part of Genesis.

WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering, from womanly troubles. I could not get up, without pulling a something to help me, and stayed in bed most of the time. I could not do my housework.

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.

What Would You Do?

There are many times when one man questions another's actions and motives. Men act differently under different circumstances. The question is, what would you do right now if you had a severe cold? Could you do better than to take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and know its value Mrs. O. E. Sargent, Peru, Ind., says "Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by all dealers.

REFERENDUM AND RE-CALL

Act of This Kind to be Considered by Municipalities League

Norfolk, Va., Oct. 3.—An act to grant to the voters of the principal cities and towns of the State the right to recall any official they may deem incompetent will be considered and probably endorsed by he delegates to the Virginia League of Municipalities to assemble here November 9 and 10.

Originally the annual session of the Virginia League was scheduled to have opened October 15, but because of the inability of Colonel W. H. Sargeant, Jr. president of the league, to secure the presence of speakers of national repute, and the conflict of this date with another meeting, the convention dates were changed yesterday as noted above.

When questioned concerning probable action on the referendum and recall Colonel Sergeant said yesterday the league had succeeded in getting through two years ago an amendment to the laws of the State, and that last year they were successful in their advocation of the optional charter act, and that he believed the same influence would be brought to bear upon the act permitting referendum and recall.

It was also stated that the recent opinion of Colonel Sergeant upon the optional charter act would be given consideration by the visiting officials and that much time would be spent in a discussion of municipal research an address on that subject being one of the important events of the two day's convention.

Practically every city and town of any size in the State is expected to be represented at this year's meeting it being estimated there will be between 75 and 100 delegates in attendance and ample entertainment for the visiting officials will be arranged for by the convention and entertainment committee of the Chamber of Commerce, which will meet tomorrow at noon.

The Virginia League of Municipalities is composed of the mayors and councilmenic representatives of all cities and towns in the State and it is claimed that should the referendum and recall be favored by the coming convention that little trouble will be had in securing its passage at the next session of the Legislature.

Definite arrangements for a meeting place have not yet been made but it is expected the sessions will be held at one of the local hotels yet to be selected as official headquarters of the league during the two days meeting.

SUICIDE IN PORTSMOUTH

Portsmouth, Oct. 3.—Charles Ross, 22 years old, shot and killed himself at 11:10 o'clock Thursday night, while calling at the residence of Miss Marion Quillin, 1914 Effingham street. While in the presence of Miss Quillin he pulled out a revolver, and placing it against his left temple, fired. He fell over against a gas stove and died in a few minutes.

Miss Quillin and members of her family were thrown into a high state of excitement by the shooting in their home.

It was stated by a member of the young man's family, that he was not depressed in spirits Tnursday night, and on the contrary, was laughing and joking.

He went to the Quillin residence about five minutes to 11 o'clock, and was in the kitchen when he fired the shot into his head.

Friends of his are inclined to discredit the suicide theory, saying that there was only one cartridge in the revolver, and expressing the belief that Ross was merely playing with the weapon, thinking that he could possibly pull the trigger without bringing around to the loaded chamber.

Miss Quillin is in such a nervous state that the family physician was summoned to attend her.

Will Oppose Flood.

Staunton, Va., Oct. 3.—George A. Revercomb, attorney of Covington, was on Thursday nominated by Republicans in convention at Buena Vista to oppose Hal D. Flood in the contest for the seat from the Tenth Congressional District. Attorney Revercomb has accepted the nomination. He has been Commonwealth's Attorney for Alleghany, State Senator and twice the party's selection for Attorney General.

CASE OF LEO M. FRANK.

James Conley's Counsel Declares Accused Inocent of Crime.

Atlanta, Ga., Oct. 3.—Leo M. Frank, now under sentence of death here for the murder of 14-year-old Mary Phagan, was held to be innocent in a statement issued here last night by William Smith, formerly attorney for James Conley, colored factory sweeper, who is now serving a sentence of one year's imprisonment as an accessory after the killing.

Frank, who was superintendent of the National Pencil Company here, now has an extraordinary motion for a new trial pending before the State supreme court.

The body of Mary Phagan was found in the basement on the pencil company's factory early on the morning of April 27, 1913. Frank was taken into custody two days later, and after investigation was formally charged with the murder.

Conley was the chief witness against the defendant at his trial, asserting that Frank had forced him to aid in the disposal of the girl's body, which, he said, was carried from the second floor of the factory to the basement.

Smith refused to say last night whom he held guilty. Solicitor General Hugh M. Dorsey, who conducted Frank's prosecution, declined to comment on Smith's statement.

WIFE JUMPED FROM WINDOW.

Murderously Assaulted by Husband —Woman in Hospital—Man in Jail.

Norfolk, Va., Oct. 3.—Forced to jump from a second story window of her home to escape a murderous attack from her husband who had previously attacked her with a large bar used in securing the store of their grocery at Stonewall and Effingham streets, Mrs. Steinburg is now confined to the King's Daughters' Hospital where she was removed and her husband is confined in jail pending the outcome of her injuries.

Steinburg, who is thought to be slightly weak-minded, attacked his wife at their home Wednesday while the store was closed for business during the Hebrew New Year, hitting her with the door bar for reasons which could not be learned.

A hurry call was received at police headquarters for the wagon and when Detective Land arrived on the scene Mrs. Steinburg was lying on the street in front of her home where she had fallen when she jumped from the window on the second floor to prevent further attack.

Taking the injured woman to the hospital where she was placed under the care of physicans he placed Steinburg under arrest.
